HANDLIST NO. 15

NOT TO BE REMOVED
FROM POYNTER ROOM

Introduction

This listing presents the patients of Ticehurst Hospital Asylum, from the founding of the institution by Dr. Samuel Newington in 1792, until 1917, and is based on a card index to patients produced by Dr. Charlotte MacKenzie. There are two parts to the list. The first part organises the patients chronologically, by date of admission: the second arranges then in alphabetical order by surname. In each case, the same information appears:

Name of Patient - Date of Admission - Date of Discharge - Subsequent
Condition or
Whereabouts.

Owing to constraints of space, abbreviations have been used in the final column. Most are self-explanatory; the following entries require a key.
